

Unfortunately, COVID is still with us for 2022 and as the virus keeps mutating, the rules and regulations will change, sometimes on a daily basis. Our only recommendations are to be sure you, your family and your crew are fully vaccinated ( 3 doses of the Pfizer or Moderna vaccines) and *be prepared to wear masks at all times.*

Porsche Club Racing will follow current CDC recommendations for racing events as well as respect each race locations' protocols in order to keep all safe and minimize the spread of infections. (CDC recommendations can be found at [https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/index.html?CDC\\_AA\\_refVal=https%3A%2F%2Fwww.cdc.gov%2Fcoronavirus%2F2019-ncov%2Fdaily-life-coping%2Fgoing-out.html](https://www.cdc.gov/coronavirus/2019-ncov/daily-life-coping/index.html?CDC_AA_refVal=https%3A%2F%2Fwww.cdc.gov%2Fcoronavirus%2F2019-ncov%2Fdaily-life-coping%2Fgoing-out.html))

There continues to be a patchwork of recommendations and rules regarding COVID dependent on local, state, national and private locations At this time, be aware that each state, county, city, and race track may have their own requirements, which may not be the most current regardless of CDC recommendations.

***Porsche Club Racing is currently recommending the bringing of masks, sanitization equipment and proof of vaccination if vaccinated, to each race venue in order to be prepared for local restrictions. Please follow the individual track requirements at the time of the event.***

Please be respectful of those who may not be vaccinated and are at risk for COVID infection in all personal interactions.

**Participation is at your own risk:** Attendees with higher risk factors for COVID-19 infection must evaluate their own risk regarding participation at any race event. If an attendee develops a fever, cough, or other symptoms of possible COVID-19 infection, prior to, en-route to, or at the event, the attendee should refrain from coming/participating at a race event and seek medical attention. If you are exposed, there is also a risk of spreading COVID-19 to your friends/family/co-workers when you return home.

**Important:** Please check with your country, province, state, county regarding reentry and quarantine ***and testing*** recommendations ***prior to leaving for the race event.*** Be aware of TSA and airline flight rules and restrictions.

Race safe and hard!!
